- Software Developer

Current Projects:

- 1. Project Title** : **Hotel Management System**
Description : A Hotel Management System automates operations like reservations, check-ins, room assignments, and billing. It centralizes guest information, facilitates staff management, and tracks room availability and housekeeping schedules. Integrated with accounting and reporting features, it streamlines hotel operations, enhances guest experience, and optimizes overall efficiency and revenue management.
- 2. Project Title** : **Online Bus Pass System**
Description : An online bus pass system allows users to purchase and manage bus passes digitally. It offers convenience through online registration, payment, and renewal options, reducing physical paperwork. Users can access their passes via mobile apps or websites, enhancing efficiency and accessibility in urban transportation services.

Hobbies:

- Learning New Skills
- Watching Technical Videos
- Listening Music
